REMARKED DATE:

- Abstract submission: January 01, 2020
- Preliminary program: February 30, 2020
- Deadline for abstract submission: March 15, 2020
- Final program: May 15, 2020

WELCOME MESSAGE

Dear colleagues,

On behalf of Vietnam National Heart Association (VNHA) and Can Tho City People's Committee, **The 4th Expanded Vietnam Hypertension Congress** of Vietnam Society of Hypertension/ Vietnam National Heart Association (VSH/VNHA) in cooperation with Can Tho University of Medicine and Pharmacy Hospital and Can Tho Cardiovascular Hospital will be held at Muong Thanh Hotel – Can Tho city on Friday 8/5 & Saturday 9/5/2020.

The Organization Committee would like to inform to esteemed visitors about the Announcement No.1 of Congress with the topic:

"FROM CONSENSUS TO ACTION TOGETHER

PREVENTION OF HYPERTENSION, AN OUTBREAKING RISK OF OUR ERA!"

This congress shall include:

- Participation of leading reporters of Hypertension Association in the world and in the Asia-Pacific region.
- Update the hypertension recommendations in Diabetes 2020 of VSH/VNHA.
- Release the recommended edition for hypertension of VSH/VNHA English – Vietnamese bilingually.
- Asia-Pacific Society of Hypertension (APSH) consensus and J-HOPE ASIA program on 24-hour Ambulatory Blood Pressure Monitor/Home Blood Pressure (ABPM 24 h/HBPM).
- Results of the national hypertension screening program MMM following the model of International Society of Hypertension (ISH) in 3 years 2017, 2018, 2019 and performing the direction to research hypertension phenotyping.

The scientific research program including the latest advances and results on hypertension will be presented by the reporters through:

- Review report.
- Direct scientific report and E- poster.
- Thematic report.
- Clinical case report.
- Satellite symposium of companies
- Clinical lecture, CME.

In particular, the congress will expand to the fields, specialties related to hypertension that are concerned about:

- Techniques for diagnosis and treatment in hypertension
- Dyslipidemia, obesity and hypertension.
- Diabetes mellitus and hypertension.
- Coronary artery disease and coronary intervention in hypertension.
- Arrhythmia and hypertension
- Hypertension and woman
- Cerebrovascular accident, cognitive disorder and hypertension.
- Heart failure and hypertension.
- Renal failure and hypertension.
- Respiratory diseases, COPD, breathing disorders and hypertension.
- Family medicine and primary care (grassroots level) about hypertension.
- Genetics in hypertension.
- The latest group of drugs & means for the treatment of hypertension and related diseases.

In addition, the congress will conduct:

- CME program with the theme “Hypertension and related diseases”.
- Award for young researchers on hypertension.

Some extracurricular activities will also be performed during the congress such as:

- Opening ceremony of National hypertension screening program MMM 2020.
- Marching in response to World Hypertension Day, Vietnam Science Day in May 2020.

We respectfully expect the great participation of esteemed colleagues, professors, associate professors, doctors, pharmacists, experts and pharmaceutical companies.
